

REMARKS

Claims 1, 5, 6, 10, 11, 15-20, and 25 are pending.

Claims 1 has been amended to incorporate the features of Claims 3 and 26.

Claim 11 has similarly been amended to incorporate the features of Claims 13 and 27.

Claim 25 has been amended to correct two grammar errors. No new matter is being added.

On page 2 of the Office Action, numbered paragraph 2 objects to the drawings for failing to comply with 37 CFR 1.84(p)(5), because they include reference characters not mentioned in the description. However, this objection is rendered moot by virtue of the amended drawings filed herewith.

On page 8 of the Office Action, numbered paragraph 5 identifies Claims 3, 13, 19, 26, and 27 as allowable if written in independent form including all of the limitations of the base claim and any intervening claims.

In the light of the above-mentioned amendments, the rejection under 35 USC § 103(a) on page 3 of the Office Action is rendered moot.

Although Applicants may disagree with statements made by the Examiner in reference to the claims and the cited references, Applicants are not discussing all these statements in the current Office Action since reasons for the patentability of each pending claim are provided without addressing these statements. Therefore, Applicants reserve the right to address these statements at a later time if necessary.

In view of the amendments and remarks set forth herein, the application is believed to be in condition for allowance and a notice to that effect is solicited. Nonetheless, should any issues remain that might be subject to resolution through a telephonic interview, the Examiner is requested to telephone the undersigned.

If Applicant has overlooked any additional fees, or if any overpayment has been made, the Commissioner is hereby authorized to credit or debit Deposit Account 503079.

Respectfully submitted,
